VOLUME NUMBER XXXIV. CANYON, TEXAS, THURSDAY, OCTOBER 9, 1930. NUMBER 29

DAD'S DAY TO FEATURE A.C.C. GAME FRIDAY

ABILENE TEAM LEADING IN THE T. I. A. A.

Large Number Fathers and Mothers of Students Expected for Game Friday Night.

Dad's Day at college is a new thing for the West Texas State Teachers College, although it has been observed in some of the larger institutions for some time.

This year West Texas has designated Friday, October 10 as Dad's Day, and every student in college is inviting Dad to come to W. T. on that date. Visiting classes, getting acquainted with sons' and daughters' teachers, inspecting the college plant, and otherwise making himself at home will be part of dad's entertainment for the day.

Of course mother is also invited, but the college authorities are especially interested in Dad on this particular occasion.

The feature event for the day will be the football game that night, in which the West Texas Buffaloes will be opposed by the Abilene Christian College Wildcats. The game will be played under the powerful lights on Buffalo field, the game starting promptly at 8:00 p. m.

The Wildcats and Buffaloes are traditional rivals; when these two schools meet on the gridiron, a real classic is in store for the fans. In past years the wins are about even; if any difference, the Wildcats have the majority.

So dads who want to have one gala day are urged to accept the invitation W. T. is extending them through its and their sons and daughters.

1927 marks the last successful stampede that the West Texas Buffaloes made over the Abilene Christian College Wildcats, who meet again Friday night in the third night game to be played on the W. T. field.

In that year the game had waxed warm and fierce, and the scoring was even. Both teams resorted to the most daring means of scoring, only a few minutes were left, when "Red" Keith, star back for the Buffs, intercepted a Wildcat pass and raced across the goal line for the winning touchdown, handing A. C. C. the only conference defeat of the season, and knocking them out of the championship.

Last season the Cats walloped the Buffs to the tune of 16 to 0, in a game featured with forward passes, deceptive cut backs and off tackle plays.

Coach Morris of A. C. C. has his entire starting line up of last year back this year with the exception of one end.

Coach Reeds of the Buffs has only two regulars from last year's team but his 1930 edition is showing signs of a stampede, that followers of the Herd interpret to mean the downfall of the Wildcats.

Anyway, it will be a great game. It always has been and it always will be. It is the first conference game. To get over the Wildcats, which is considered one of the strongest teams in the T. I. A. A., the Buffaloes will be well under way.

Randall County Dairy Ass'n Has Meeting Tuesday

At a meeting of the Randall County Dairy Association Tuesday evening, a membership committee was appointed to work throughout this district in enlarging the membership of the organization. Those who will serve on this committee are: H. R. Fulton, chairman, Carl Fulton, T. V. Slack, G. M. Peet and T. W. Duffel.

Bill Dungan, official of the Cow-testing Association, gave a short talk on the history and the values of cowtesting to the farmer. Following the talk a round table discussion was held on the feeding of cattle.

MILK COWS WANTED.

The News had two requests for information about good milk cows. Those wanting to buy came to the classified columns of the News first, because the Classified columns is the place to list milk cows for sale.

If you have something you want to sell or trade, let us help you.

TRENCH SILOS TO BE USED ON RANDALL FARMS

NEW DEVELOPMENT IS CURING FEED FOR WINTER

Emmett Prichard and J. W. Watson Construct New Type of Silos; Results Good

The appearance of trench silos in Randall county marks a new departure for the dairymen, farmers and stockmen, in preparing feed for livestock for the coming winter months. Although they are only being introduced this fall, the general succes they have proven to be where they have been used in ohter parts of the country, give promise to better feeding.

The trench silo is rated equal to the overhead silo in curing the feed when properly filled; the proper filling being essential to both the trench and overhead silos.

It has been a recoginized fact amoung dairymen of this section for some time that silage was badly needed to aid milk production of dairy cows through the winter months. It is claimed that the value obtained from feeding silage to cattle is comparable to that of canned green vegetables for humans.

According to the facts brought out by the experiment stations over the country, there is a saving of anywhere from 35 to 45 per cent in the feed value of the crop when put into a silo in the proper condition, as compared with stacking it in the bundle or shocking dry, as it is the custom when not ensiling it. The actual saving comes through the saving of much of the feed that is blown away

Rotary Club Will Seek to Increase Number Members

The membership committee of the Rotary Club was in charge of the program Tuesday at the luncheon. Dr. Bob Jarrett, Dr. Sylvester Ingham and Walter Upchurch compose this committee.

Dr. Ingham played two violin solos, accompanied by Mrs. Lee Foster. Dr. Jarrett presented the report of the membership committee, urging that steps be taken to increase the number in the club during the coming year. The club now has a membership of 29 which is considered a good growth since it was organized less than two years ago. There are now in the city 38 unfilled classifications. The membership committee wishes the co-operation of every member of the club in the effort to increase the membership, and fill all of the classifications possible during the coming year.

Felix Neff was introduced as a new member of the club.

Visitors present Tuesday were: Mr. and Mrs. Allen Early of Amarillo, C. W. Rigers, A. F. Agee, Cal Farley, A. A. Meredith, N. S. Griggs, all of Amarillo; Joe Self and Joe Duflot of Canyon.

W. H. Upchurch on Way to Dallas With Randall's Exhibit

W. H. Upchurch and daughter, Miss Louise, left Wednesday for Dallas where Mr. Upchurch will place the Randall County exhibit in the Dallas State Fair. The exhibit is very largely the one which won first place at the Tri-State Fair in Amarillo two weeks ago. Fresh vegetables and fruits were added to the winning exhibit, but otherwise it is practically the same.

Mr. Upchurch will also attend, while away the district meeting of county agents to be held at San Angelo. He expects to return the first of November.

Armory Company F Removed to the American Legion

E. T. Underwood of Austin, representing the Adjutant General's department, was here Thursday and authorized the removal of the armory for Company F from the I. O. O. F. building back to the American Legion Hall, which was the armory for many years.

Mr. Underwood stated that he was highly pleased with conditions he found in Company F, and highly praised Captain W. H. Lockhart and men of Company F.

Regents to Make Inspection of the College Monday

Preparations are being made at the College for the annual visit of the State Board of Teachers College Regents which is scheduled to take place next Monday.

The members of the board are: A. B. Mayhew, president, of Uvalde, Henry S. Paulus of Yoakum, Fred A. Martin of Fort Worth, W. Z. Hayes of Dallas, J. W. Fitzgerald of Tyler, Thomas H. Ball of Houston, John E. Hill of Amarillo and Herbert L. Kokernot, Jr. of Alpine. It is expected that H. A. Turner, secretary of the board will be a member of the party.

The visitors will be met in Amarillo early Monday morning and will spend the entire day in conferring with college officials and studying the needs of the plant.

Breakfast will be served them as soon as they arrive from Amarillo, and the entire faculty will meet them at the college cafeteria at lunch.

Another C of C Trip to Canyons in November

Another opportunity is to be given the people of Canyon and community to visit the Palo Duro and the Lighthouse under the direction of the Chamber of Commerce on Sunday afternoon, November 2, according to announcement made yesterday by L. N. George, secretary.

Since the first directed trip to the canyons, which was sponsored by the Chamber of Commerce in July, was so well attended and met with such general approval, it is expected that several hundred from outlying districts will be on hand in November. The preceding Sunday, Nov. 1, is homecoming day for W. T. S. T. C. and the large number of visiting students will have an opportunity to view points of scenic interest which are seldom open to the public.

The gates will be opened at 12:00 noon and will be closed at 6:00 o'clock. Guides will be stationed at frequent intervals to keep the cars to the right and to give directions as to the roads to follow. Signs will also be placed to aid the visitors in traveling over the canyons.

Visitors are asked to be careful of fires while making the trip. There will be no admission charges of any kind.

REPAIRING ROOF ON THE COURT HOUSE BUILDING

The roof on the court house is being repaired. The old slate is being removed, and new paper and slate will be placed on the roof.

The building has been leaking badly for some time.

Miss Ruby Zachry visited her parents in Happy over the week-end.

Miss Gladys Miller of Happy spent the week end in the home of Mr. and Mrs. E. L. Braudt.

FIRST RECEIPTS FOR TAXES ARE ALREADY ISSUED

$146,292.97 IS AMOUNT OF TAXES TO BE COLLECTED.

Santa Fe is Largest Tax Payer in County; Mrs. W H. Lewis Pays First Poll.

State and county tax paying is already under way, John Fry, tax collector states. Poll tax receipt number one has already been issued. Mrs. W. H. Lewis was the first person in Randall county to pay her poll taxes, Mr. Fry announces. R. P. Blair, was issued the first property tax receipt, for the payment of this year's taxes.

The total tax value of Randall county is $7,523,706. There are county that are taxed for a value of $3,448,750. The taxable value of city property amounts to $1,817,020 and the personal property of the county is valued at $1,170,650.

There are 47.43 miles of railroads in the county, taxed for a value of $860,685. The combined value of the telegraph and telephone lines is $40,890 and the pipelines are taxed for a value of $157,270.

Taxes amounting to $146,292.97 are assessed against Randall county property. This amount is ditributed as follows:

State Taxes	$ 51,913.50
County Taxes	90,284.47
State Poll Tax	3,510.00
County Poll Tax	585.00
Total	$146,292.97

The Santa Fe railway is the largest single tax payer of the county. The taxes against the railway's property amounts to $19,215.98 for this year.

Boy Injured in Fall from Car Here Monday

J. D. Baird, son of Mrs. S. B. Baird living at 1807 Third Avenue, was seriously injured Monday afternoon about 5 o'clock when he fell from the side of a car on which he was riding, on Eighth street between Fifth and Sixth Avenues. His head struck the ground and he was rendered unconscious by the fall.

Physicians who attended the boy state that he suffered a slight concussion of the brain, but that his skull was not fractured and no bones of his body were broken. The boy was unconscious for about an hour. He is said to be recovering from the accident.

Newt Seay of Kim, Colorado were here Monday looking after the interests of thier farm south of the city.

Mr. and Mrs. J. C. Pipkin had as their guests over the week end Mr. and Mrs. Quincy Workman of Tulia.

Fire Hazards Pointed Out by Fire Chief Hicks

In connection with Fire Prevention Week, Fire Chief Frank Hicks states that people of Canyon should give careful attention to gas connections as it is getting cool and stoves are being re-installed.

"The connections about gas heaters should be carefully examined," he declared. "Old and worn gas tubing from the pipe to the stove are apt to leak and cause serious damage. Several fires have been started lately in this manner although they were extinguished before damage to amount to anything had been done and the department was not called. Nevertheless such things can cause serious damage."

He also calls attention to the fact that gas water heaters should have vents installed in them to avoid explosions and possible fire damage.

Practically All of Students Holders of Blanket Tax Tickets

Inter-collegiate athletics, lyceum, inter-collegiate debates, the college band, the Prairie and Le Mirage, the College annual, and intra-mural sports were chosen this week to participate in the money which is available through the activities fee which students and faculty of the college pay each year. The decision is of interest to Canyon and Randall county people because a large percentage of the students of the college are local boys and girls.

In the spring of 1930 the student body voted to support the activities of the college 100 percent. The activities which should be included under the blanket tax were selected by the College Executive committee and two members of the Student Council.

Nearly 100 percent of the students have purchased activity tickets and almost all members of the faculty have bought one or more tickets.

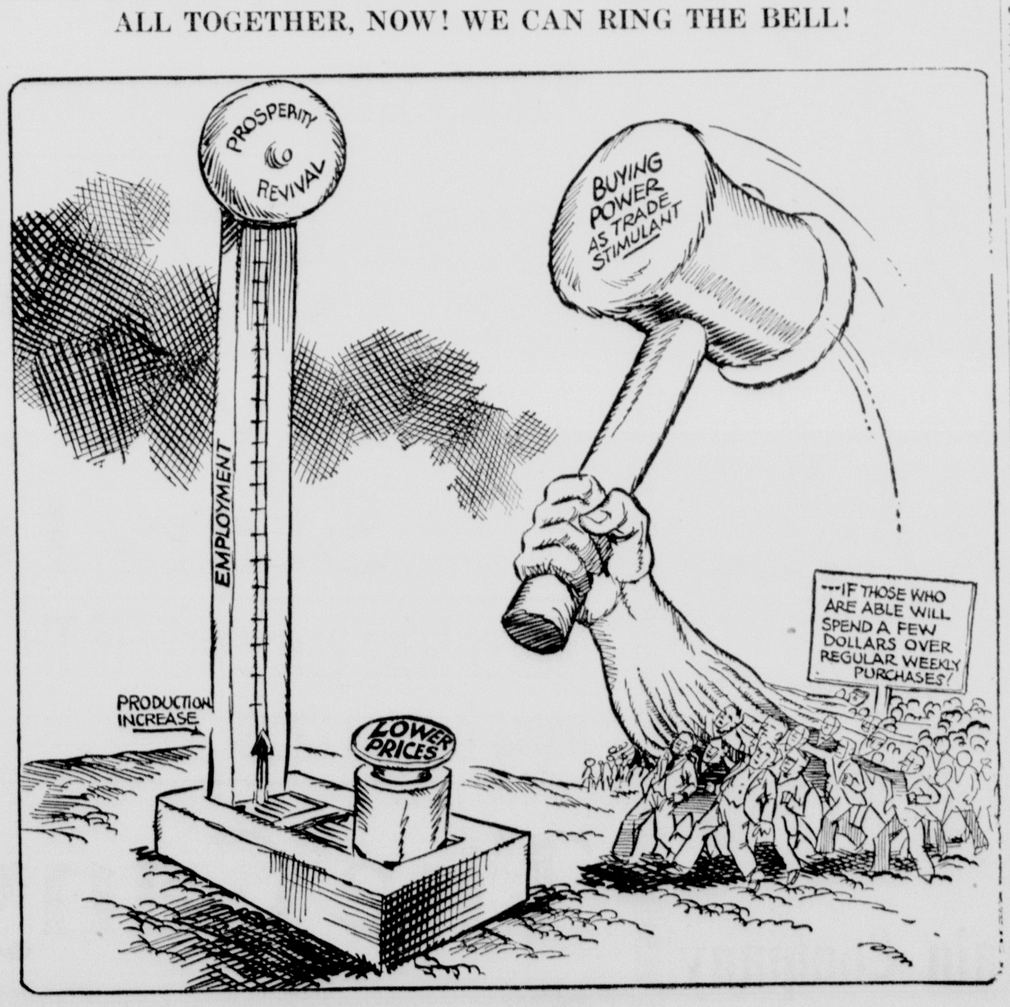
Townspeople of Canyon are involved in this arrangement for the support of student activities for it means better lyceum numbers and athletic contests which are always open to those who wish to attend. With large support of local citizens and unanimous student support, the college can give Canyon the best entertainment program throughout the year that is available in any town of its sibe anywhere.

MISS GENEVA McCARTY UNDERGOES OPERATION

Miss Geneva McCarty underwent an appendicitis operation in the St. Anthony's Sanitarium in Amarillo Wednesday morning. She is reported to be resting well.

J. C. Dowd returned this week from Stratford where he has been drilling wheat. Mr. Dowd reports very good rains in that section.

ALL TOGETHER, NOW! WE CAN RING THE BELL!



Will C. Hogg Leaves $25,000.00 to Ex-Student Loan Fund of W. T. Previous Donation $1,500 to Fund

Son of Governor James Hogg Died Recently While on Tour of Europe—Noted as One of State's Leading Financiers, and Great Friend of Education in Texas.

Through the thoughtfulness and the desire of one of Texas' most noble citizens, to see education advanced in the state, the West Texas State Teachers College was named as a benefactor in the will of the late Will C. Hogg of Houston. A gift amounting to $25,000 for the Student Loan Fund of the College was announced Saturday by Mike Hogg, a brother of the deceased. Practically all state owned educational institutions were named in the will of the Texas philanthropist.

Will C. Hogg, well known and beloved Texas citizen, a son of the former Governor James Stephen Hogg, perhaps the most outstanding governor in the history of the state, died at Baden-Baden, Germany, some four weeks ago following an emergency operation. Funeral rites were held at Austin Friday, September 26, when he was buried beside his father, who was known as the "great commoner." Glowing tribute was paid to his memory by prominent men of both the state and nation.

Mike Hogg, who also lives in Houston, was named independent executor of the estate, which is valued at $3,000,000.

Texas University, which the Houston capitalist attended as a boy, was named the largest beneficiary in his will. The student loan fund of that institution was increased in the sum of $100,000. Other colleges named were: Texas A. & M. College, $50,000; Texas State College for Women, $50,000; Rice Institute, $25,000, and a like amount for the following state owned institutions:

West Texas State Teachers College, Sam Houston State Teachers College, East Texas State Teachers College, North Texas State Teachers College, Sul Ross State Teachers College, Southwest Texas State Teachers College, Prairie View State College, Grubbs Vocational College, John Tarleton Agricultural College and Texas Technological College.

Mr. Hogg was known to be a friend of Texas educational institutions and some five years ago he made a gift of $1,500 to the loan fund of the College. He was also known as one of Texas' most public spirited citizens.

The bequest is to be added to the student loan fund of the college here. These funds had already reached $10,000, including his gift of $1,500 from Mr. Hogg some five years ago. The additional $25,000 will raise the fund to $35,000.

PRESIDENT HILL PLEASED IN GIFT MADE BY HOGG

"I can think of no finer exemplification of Mr. Hogg's already widely known interest in the educational institutions of our state," said Dr. J. A. Hill, president of the West Texas State Teachers College.

"He had heretofore manifested an interest in our own school that made all of us love him, and I am not surprised at his generosity. The increase in our student loan fund certainly will serve a great purpose.

"Our student loan fund already had reached $10,000, including a gift of $1,500 from Mr. Hogg some five years ago, and this gift will raise the fund to $35,000.

Five and One-Half Miles of Paving in Canyon is Record

With the completion of twelve blocks of new paving in the city, Canyon now has 73 blocks, or about 5½ miles of paved streets, according to C. N. Harrison, contractor.

Canyon has led the Southwest in per capita paving for a number of years, and the new paving will add very greatly to the average for the city.

Mr. Harrison states that citizens on Second Avenue are asking for paving. The owners of the old stock pens site are wanting to enter into the paving program for this avenue in case the project is undertaken. Five of the city's avenues are now completed east and west through town for distances varying from 7 to 12 blocks.

The city has entered into an agreement with the state highway commission to widen the highway north and south through town if the state and county would do this paving. This work must be undertaken at once, according to a statement recently made by Mayor R. A. Bellah. The city will put in a curb and gutter to widen the highway, and will gravel between the present pavement and the new curb. Parking will be prohibited along the highway in order to deminish accidents.

The improvement along the highway will likely call for a bond issue on the part of the city, but the city will be given pavement from to the railroad to the south edge of town in exchange for the widening of the highway, which is a very fine exchange so far as the city is concerned.

Randall Cow is On Register of Merit Test List

A purebred Jersey cow owned by J. W. Millerman has just finished the official Register of Merit test of the American Jersey Cattle Club, Mr. Millerman states. The cow, Plymouth Lad's Baby Joy, aged 5 years and 3 months produced 9,783 pounds of milk and 544.13 pounds of butterfat during the 305 days she was on the official test.

The cow lacked only a few pounds of producing enough butterfat to reach the Gold Medal standard of the cattle club. No extra stress was made to get the high production from this cow, Mr. Millerman declares. The cow was milked only twice a day and was kept under the average farm conditions. She was fed no commercial feeds, but just home grown feed produced on the Millerman farm.

The Millerman herd has several other good purebred Jersey cows as well as a number of purebred Jersey calves which promise to develop into a profit making herd of cows within the next few years.

Photos of Palo Duro Published in Denver Post

According to Ray V. Davis, information has been received by him from the Denver Post stating that they would publish a number of pictures of the Palo Duro Canyons, made by him, in the issue of Sunday's date. These papers went on sale here yesterday.

It is pleasing to those who are deeply interested in the proposed park in the canyons, to know that this project is getting wide-spread publicity. Agitation is growing over the state for the establishment of State controled parks. The Palo Duro is included in the proposals and with the increasing interest and publicity on the canyons, workers on the project are greatly encouraged.

Joe Foster of Portales, who has been quite ill, is now in Canyon under special medical care.

Mr. and Mrs. C. A. Workman of Plainview are guests this week in the parental J. C. Pipkin home here.

FIRE DEPARTMENT IS GIVEN $25.00 CHECK

The Canyon Fire Department was presented a $25.00 by the Magnolia Petroleum Company this week as a mark of appreciation for the splendid work of the department when the Tourtist Cafe burned two weeks ago. The Magnolia Petroleum filling station is adjoining the cafe ruins, but suffered no damage from the flames.

Chief Lee Foster stated that members of the department are very highly grateful for the check, and the many kind remarks made about the efficiency of the department.

INDICTS THE SCHOOLS

The News receives many anonymous letters, most of which go to the waste-paper basket without much ceremony. One was received this week, however, which provoked thought and wonderment. It was an indictment against the schools, very likely the common school system, judging from the wording of the letter. It follows:

"One of our merchants here in Canyon recently received an application for a position as stenographer in which there were seventeen misspelled words. Capital letters and punctuation marks were scattered broadcast, like a handful of corn thrown to a flock of chickens. Needless to say, it failed to land the job.

"The head of a science department in W. T. S. T. College driven almost to desperation by the lack of knowledge of simple arithmetic on the part of one of his students, asked him 'what would be the interest on $100 at 5 percent for one year?'. After much figuring he proudly answered, $500.

"'Tis true, and pity 'tis, 'tis true.' There are but samples of actual cases here in this citadel of learning in N. W. Texas."

Perhaps the above cases are a little too overdrawn to be true examples of the way students are getting by in their work. Perhaps it is the spirit of the age in which we live—we blame everything these days on the spirit of the age.

Teachers in the public schools are having a harder time, perhaps, than they have ever had in instilling in the youth of the land a proper attitude toward their work, and making them do creditable work. The fact should be in the minds of every teacher that the people of Texas are spending more for public education than for any one other public service. They are the custodians of this fund to see that the people get value received for every dollar put into education.

Too many students are being advanced in the public schools of the state, year after year, from one grade to another, without a struggle on their part, and in too many cases for the teacher to simply get rid of them. Too many pupils in the lower grades are not doing even half way good work, but are being promoted year after year for one reason or another.

Too many high school students are being graduated who do not known how to study, and will not try to learn how to study.

Too many courses are being offered in the average public school which has no place in the course of study. Commerial woork is being taught to boys and girls who do not known how to spell the simplest words, and cannot punctuate even simple phrases. Perhaps it was one of these who asked the Canyon merchant for a job as stenographer.

And another indictment, which may be passed on the public schools of this and every state is the over-emphasis being placed on athletics at this time. Time was back a few years ago that football was a Saturday game. No games were played during school period, and no time was taken away from the school period for practice. Today football seems to be a part of the curriculum in most schools. The games are played regularly on the school days. The entire school system is dismissed a majority of the time for either trips to the neighboring city, or for games on the home field. The school system is shot through with the high pitch of football fever the day of the game, and usually the day following, should it be a big game.

Can the taxpayer be expected to receive value received for his tax dollar when so much attention is being given to courses outside the three r's and to athletics?

The tendency of the time is against the possibilities of doing efficient school work, and thoughtful school men and women should consider the tendency.

Of course the school teacher who would not fall into line, and be a modern 1930 teacher would be criticised, and might lose his job for insisting that school work come first, but eventually he will win.

The truth of the statement that the public schools are not as efficient as they should be is seen in the fact that the University of Texas regularly fails 500 to 750 freshmen who come to that institution every year not prepared to do the work.

President Walton of A. & M. stated in Amarillo last month that his institution had to fail about 500 boys every year who came from the high school unprepared to do the work of high education.

The president of every college will tell the same story.

Since education is being so whole heartedly supported by the taxpayers, the teachers and school trustees have a tremenduous responsibility in seeing that the tax dollar returns its just and rightful dividend.

The schools of Canyon are as good, or better than the schools or any other town, but the whole system is being shot through with the spirit of the writer of the above unsigned communication to the News—the spirit of just getting by, without reference to efficiency.

Railroads are making a move to meet bus and truck competition by asking for a reduction of freight and passenger rates. The railroads waited too long. They should have made this request months ago. In the meanwhile the trucks and busses are tearing up the roads and highways which the tax payers are building, and are returning little revenues in exchange. The trucks and busses must be dealt with during the coming years, as a means of quick and efficient transportation. But they must be made to pay their part of highway upkeep. The Santa Fe is the largest tax payer in every county in Northwest Texas, yet it received very little of the local transportation. It is not fair to tax the railroad to build a road bed for its competitors, especially when these competitors are tearing up the roads toward which they pay little to maintain.

The rain has helped the outlook for 1931 very materially. The farmers will now have a chance to get their wheat planted. Those who went ahead and planted regardless of the continued dry weather will soon have green fields of winter wheat. The people of the Panhandle may get down in spirits over adverse conditions, but they never get down and out.

Rare Collection Loaned Museum by Clarendon Editor

Last week a rare collection was loaned to the Panhandle-Plains Historical Society Museum by Mr. J. C. Estlack, editor of the Donley County News. The greater part of this loan has a history which dates back four generations.

Four of the articles in this collection, a shot mold, a razor, a knife, and a wine glass, were once the property of Mr. Estlack's father. He, the elder Estlack, traded for the shot mold in 1854. This mold was used by Zebulon Pike. Mr. Estlack paid $15 in gold-dust for the knife, and was, at numerous times, offered a pony or equally valued articles for it by Indians. Mr. Estlack used it for skinning buffaloes. The "Wade and Butcher" razor, marked "for barbers' use," he traded from one of the "forty-niners." When Mr. Estlack started a saloon in Trinidad he bought the wine glass which is in the Museum. This glass was used in the first saloon and in the first building in Denver, Colorado. That was in the early fifties. Later, adding interest for the people of the Panhandle, it was brought to Tascosa and was used there in the Hendrix Saloon. It was the favorite drinking glass of Jim East, who, for a number of years, was sheriff of Oldham county.

A family spoon, which is also in this collection, was bought by Mr. J. C. Eastlack's great grandmother when she started housekeeping in 1828, and was used by her in a boarding house, also in the Leadville and Silver Cliff mines in Colorado. It was brought to Tascosa in 1884 when it was given to J. C. Estlack. It was exhibited in the World's Fair in 1904, and in the Dallas Fair in 1928.

Mrs. J. B. McClellan has given the Museum a picture of the court house at Old Clarendon.

Silas—"Is Bill a liar?"

Miram—"Well, I don't know as I'd go so far as to say that, but I'll tell you this much—when feeding time comes, he can't get his pigs to stir 'til he gets someone else to call them for him!"

Mr. Binks was busily engaged with a spade in the mud beside his car when a stranger hailed him.

"Stuck in the mud!" he asked.

"Oh no!" replied Mr. Binks cheerily. "My engine died here and I'm digging a grave for it."

Chances are that the fellow in the future who says "Let's sit this one out," has had some sort of a tree-sitting record as a boy.

"The Lost Necklace" Is Presented By Dramatic Club

Mr. C. W. Batchelder's dramatized version of Guy de Maupassant's famous story "The Lost Necklace," was presented at the weekly production of the Dramatic Club Thursday afternoon at 3:30 in the Education building auditorium, under the direction of Greta Mae Cayton, student in the club.

Before the curtain rose on the play, Mr. Batchelder read the story to the audience as Maupassant wrote it, in order that they might see how it was changed in the play to add to its dramatic appeal and technique. "The Lost Necklace" was given as a demonstration of the ease with which amateur dramatic producers may use material that is not commercial.

The cast working in the presentation Thursday is to be highly commended on the quality of acting accomplished with so little practice. Rehearsals for the play began Monday preceding the production. Madelene Cox, as Matille, the vain, and selfish wife of a poor clerk, did outstanding work in a part that is not naturally adapted to her talents. Robert Hunt, playing the role of Pierre, the husband, although not cast for the part until Monday, did unusually good work, showing a vast improvement over work done in his first class production of last year, "Cinderella Married." Naomi Malone, who played the part of Jeanne, the understanding friend, also did sympathetic character work of a high quality.

On October 16 at the regular Dramatic Club meeting, "This Is So Sudden," by M. Jenney, using an all-girl cast will be presented. Esther Root, a sophomore, will direct this play. Those who will appear in the production are Katie Cornwell, Flora Terry, Janet Holmes, Velma Padgett, and Geneva Golden.

The Former Might Be Fresher

A big "free feed" at the Democratic State convention, St. Joe, this afternoon. At the "barbecue dinner" will be twenty beef carcasses, 4,000 gallons of hot coffee, 1,000 loaves of bread, 2,000 sandwiches, every variety, and 20,000 fresh bums. The latter, of course, is an overestimate, or was "fresh buns" intended?—Kansas City Times.

The theatrical season has been so bad in Chicago that many actors are working in stores. Probably in bakeries, where they can take a role occasionally.

Don't wait until it is too late!

A fact you should not overlook

More red-cells in the blood! Good health and resistance to infection and disease, depend on that! Loss of appetite, underweight, sluggishness, a weakened condition, nervousness, pimples and boils are symptoms, often seen, of a deficiency of red-cells in the blood. If a lowered red-cell count is allowed to continue, ANEMIA often results. S.S.S. should be your safeguard. A hundred years of experience has proved its usefulness in building red-cells in the blood. Take it before meals. Millions of people have found it the easiest and surest way to restore their red-blood-cells. The appetite picks up, the whole body is invigorated. Get S.S.S.—take it and possess a wonderful power of new life and vitality. Ask for the large size. At all drug stores.

Mrs. Bishir and Mrs. Terrill Honor Mrs. Guenther Past Week

Mrs. F. P. Guenther of San Antonio, popular visitor, was named guest of honor at two parties given last week at the home of Mrs. M. S. Bishir, 1715 Sixth Avenue, with Mrs. Bishir and Mrs. R. A. Terrill as hostesses. Fall flowers in many hues were used as decorations at the delightful affair Thursday afternoon and again Friday afternoon. Bridge was the chosen diversion on each occasion and a delectable chicken salad was served at the conclusion of the play.

Those present Thursday were: Mrs. Guenther, honoree; Mrs. J. L. Duflot, Mrs. Harris Cook, Mrs. Grant McColley, Mrs. T. B. McCarter, Mrs. Dan K. Usery, Mrs. Annie V. McCarty, Mrs. W. A. Warren, Mrs. G. A. Farlow, Mrs. William Ash, Mrs. J. Madison Daugherty, Mrs. John Fry, Mrs. J. M. Lybrand, Mrs. T. C. Thompson, Mrs. Jim Redfearn, Mrs. Hud Prichard, Mrs. F. E. Savage, Mrs. Burt Newlin, Mrs. Clyde McElroy, Mrs. N. E. McIntire, Mrs. R. E. Ball, Miss Edna Graham, Miss Hattie Anderson, and Miss Agnes Charlton.

Entertain Clubs.

Members of the Friday Afternoon Club, the 1927 Club and a number of special guests were present Friday. The list of invited guests included: Mrs. Guenther, Mrs. Travis Shaw, Mrs. Dan Sanders, Mrs. Bill Black, Mrs. Irby Carruth, Mrs. Ray Campbell, Mrs. Clarence Thompson, Mrs. Tom Knighton, Mrs. Oscar Gamble, Mrs. Clyde Warwick, Mrs. J. W. Kleinschmidt, Mrs. S. L. Ingham, Mrs. D. A. Shirley, Mrs. Clifton Jarrett, Mrs. John S. Humphreys, Mrs. Joe Gamble, Mrs. C. R. Burrow, Mrs. L. Angel, Mrs. F. E. Savage, Mrs. Claude Reeds, Mrs. R. P. Jarrett, Mrs. Lee Foster, Mrs. J. M. Lybrand, Mrs. L. F. Sheffy, Mrs. B. A. Stafford, Mrs. Sue Donald, Mrs. Guy Harp, Mrs. C. N. Harrison, Mrs. Wallace R. Clark, Mrs. L. T. Lester, Mrs. L. G. Allen, Miss Cleo Holmes, and Miss Robinson, and Mrs. R. I. Phares of Dallas.

Mr. and Mrs. C. O. Cooper and daughter, Mrs. T. E. Allen, spent Sunday in Hedley.

COOK AND RITCHIE GIVE INFORMAL BREAKFAST

A very informal breakfast was given Thursday morning at 7:00 o'clock in the college cafeteria in honor of the observers and practice teachers of the demonstration high school, with Dr. Harris M. Cook, director of observation and practice-teaching, and Miss Jennie C. Ritchie, principal of the high school, acting as host and hostess.

From 7:00 to 7:15 an informal social period was held in Miss Ruth Lowes room in the first corridor, where the guests assembled. The purpose of the breakfast was to give the practice teachers and observers an opportunity to become better acquainted with each other and their advisers.

Among the forty-five invited guests were President J. A. Hill, Dean R. P. Jarrett, and Mr. F. E. Savage, as special guests of the host and hostess, Dr. Cook and Miss Ritchie.

JOLI MARDI MEETS WITH MRS. BRISCOE

Members of the Joli Mardi club assembled at the home of Mrs. V. L. Briscoe Thursday afternoon. Colorful autumn roses were used as decorations in the entertaining suite. Bridge was selected as the diversion for the occasion. Mrs. W. T. Simmons received high score prize and Mrs. Clyde Johnston consolation favor.

Refreshments were served the following guests and club members: Mrs. Jasper Atkins, Mrs. Jay Prichard, Mrs. Clifton Duke, Mrs. Felix Pierce, Mrs. W. T. Simmons, Mrs. Clyde Johnston and Miss Pauline Wilson.

Mrs. Duke will be hostess to the next meeting of the club, Oct. 16.

MRS. DICKERSON HOSTESS TO LOYAL DOZEN FRIDAY

Needlework was the chosen diversion of the Loyal Dozen at the regular meeting Friday afternoon at the home of Mrs. N. T. Dickerson with Mrs. Dickerson as hostess. At the close of a pleasant afternoon delicious hot sandwiches and cocoa were served by the hostess.

Club members and guests included the following names: Mrs. Clifton Duke, Mrs. Terry Maben, Mrs. Felix Pierce, Mrs. Victor Steen, Mrs. V. L. Briscoe, Mrs. Fred E. Wortham, Mrs. W. T. Simmons, Mrs. Jay Prichard and Mrs. Harry Inman of Hedley.

The Club meets tomorrow afternoon with Mrs. Maben as hostess.

MR. AND MRS. JOE BONNER HONORED WITH PARTY

Mrs. J. E. Bonner entertained a number of friends and relatives at her home Tuesday evening of last week honoring Mr. and Mrs. Joe Bonner, who were married recently at Ada, Oklahoma.

The evening hours were pleasantly spent in chatting and in listening to radio music. Delectable refreshments of cake and ice cream were served by the hostess.

Those present were Mr. and Mrs. Joe Bonner, guests of honor, Mr. and Miss Ralph Cotes, Miss Jennie Mae Hows, Miss Patsy Van Dyke, Miss Jewel Brashear, Miss Annie Mae Boner, Mr. Watts, grandfather of the groom, Mr. and Mrs. R. D. Lowry of Canyon and Miss Pearl West, Mr. Pierce and Mr. Childers of Amarillo.

WHO'S WHO IN THE YOUNGER SET

Photo by Ray V. Davis

MARY CAROLYN BLACK.

Her dog is one of the paramount concerns of Mary Carolyn's play hours and many are the frolics they enjoy together. She also enjoys and is a frequent visitor in the home of her grandparents, Mr. and Mrs. Henry Bradford.

Mary Carolyn is the daughter of Mr. and Mrs. W. C. Black and is four years old.

Treva Hefner Weds Tulia Man Sunday, Oct. 5

A wedding of interest which took place the past week was that of Miss Treva Louise Hefner of Canyon and Mr. Mack O. Elliot of Tulia, solemnized Sunday afternoon at 5 o'clock at the home of Rev. J. C. Sizemore, pastor of the Tabernacle Baptist Church of Amarillo, with Rev. Sizemore officiating.

The bride wore a becoming black Faille ensemble with accessories of blue. Mrs. Elliott is the daughter of Mr. and Mrs. J. L. Hefner of this city, and is quite well known in Canyon, having lived here for the past six years. She completed her high school work here and later attended W. T. S. T. C.

The groom is the son of Mrs. J. M. Elliott of Corpus Christi. He is connected with the Rice Barber Shop of Tulia where he has lived for a number of years.

An informal reception at the home of the bride's parents in Canyon followed the wedding.

After a short honeymoon trip to points in Texas and New Mexico the young couple will be at home to their friends in Tulia.

KERR HOUSE LADIES ENTERTAIN WITH BRIDGE PARTY

Six tables of bridge and forty-two afforded entertainment for the new members of the faculty and those recently returned from Europe who were honor guests at the Kerr House Monday evening, September 29.

Those present included Pres. and Mrs. Hill, Messrs. and Mesdames Lee, Batchelder, Jones, Goodman; Misses Justice, Dawes, Hudspeth, Babston Nuzum, Barlow, Hill, Mary Louise Anderson, Inez Allen; Mr. Boone McClure, and the hostesses, Mrs. Saunders, and Misses Hibbets, Walker, Normington, Cross, and Anderson.

Mr. and Mrs. T. S. Furlow and family visited Saturday and Sunday with friends in Lubbock.

Brownie Foster of Calfornia is visiting relatives in Canyon.

N. T. C. Officers Are Honored At Reception Mon.

Honoring the following officials of the Northwest Texas Conference of the Methodist Church; Mrs. Nat G. Rollins, president; Mrs. J. Frank Potts, corresponding secretary; Mrs. R. C. Metcalf, superintendent of children's work; Mrs. W. P. Garvin, recording secretary; and Miss Mattie Mae Swisher, student secretary of W. T. S. T. C., Mrs. Clyde W. Warwick entertained the Methodist Missionary Society with a reception at her home Monday evening. The entertaining suite was attractively decorated with dahlias.

Those in the receiving line were Mrs. Warwick, Mrs. C. E. Jameson and Mrs. R. McGee. Miss Swisher, accompanied on the piano by Miss Josephine Duflot, opened the meeting by singing "God's Will" by Stult. Mrs. Sternenberg gave the devotional, The Golden Rule, followed by the prayer by Mrs. Elizabeth Fry Page. Mrs. Metcalf gave an outline on Children's Work. Mrs. Rollins discussed in an interesting manner her trip to Europe. Short talks were made by Mrs. Potts and Mrs. R. I. Graves of Amarillo.

The following special entertainment numbers were given: Piano duet—Moondawn and Cameltrain, Miss Jessie Loudder and Miss Frances Usery; reading—Platonic, Miss Wilmoth Gamble; vocal solo, Trees—Rasbach, Miss Swisher, accompanied by Miss Duflot. Rev. W. P. Garvin, pastor of the San Jacinto Methodist church of Amarillo, gave a short talk which closed the program.

Mrs. Marion Witt and Mrs. B. A. Stafford, assisted by Mrs. Wm Ash, Mrs. A. W. Sternenberg, Mrs. Clyde McElroy and Miss Wilmoth Gamble, presided over the tea service.

Those present were: Mrs. Rollins, Mrs. Potts, Mrs. Metcalf, Mrs. Garvin, Miss Swisher, Mrs. R. I. Graves, Mrs. C. E. Jameson, Mrs. Robert McGee, Mrs. B. A. Stafford, Mrs. Marion Witt, Mrs. Elizabeth Fry Page, Mrs. E. D. Harrell, Mrs. N. E. McIntire, Mrs. Earl Robbins, Mrs. I. C. Jenkins, Mrs. F. M. Wilson, Mrs. J. D. Gamble, Mrs. A. C. Smith, Mrs. C. E. Collins, Mrs. Chas. Dowlen, Mrs. A. H. Hunt, Mrs. S. B. Loudder, Mrs. A. W. Sternenberg, Mrs. Wm Ash, Mrs. Joe Thompson, Mrs. Preston, Mrs. Clyde McElroy, Miss Frances Usery, Miss Jessie Loudder, Miss Wilmoth Gamble, Miss Josephine Duflot, Miss Agnes Smith and Rev. Garvin.

FORTY-TWO CLUB MEETS AT HUMPHREYS HOME

Members of the Merry Maids and Matrons club and their husbands were delightfully entertained at the home of Mr. and Mrs. J. S. Humphreys last Thursday evening with Mrs. Humphreys, Mrs. C. R. Flesher, Mrs. J. L. Duflot and Mrs. John Fry as hostesses. Forty-two was the chosen diversion for the occasion and ten tables were arranged for the play. Colorful autumn flowers were observed throughout the entertaining suite. A chicken salad course was served at the conclusion of the games.

Special guests besides the club members included the following: Mr. and Mrs. Harris Cook, Mr. and Mrs. William Ash, Mr. and Mrs. T. M. Moore, Mr. and Mrs. D. A. Shirley, Mr. and Mrs. Joe B. Gamble, Mr. and Mrs. Frank R. Phillips, Mrs. Henrietta Scott, Miss Barlow and Mrs. F. P. Guenther of San Antonio.

NOTICE.

American Legion Club members and Legionaires: All persons who have borrowed American Legion chairs please bring them back immediately. Also all club members and Legionaires wanting to donate to the fund for fixing up the club room, attend to the donations as soon as possible. See Dr. H. A. Brown.

Mr. and Mrs. Vincent Shuman spent the week end as guests of Mrs. Elsie Money on her ranch in the southwest part of the county.

TWO DAYS ONLY

Hours—9:30 A. M. to 4 P. M.

FREE CONSULTATION AND EXAMINATION

DR. REA, well known American physician, specialist in the science of internal medicine, licensed by the state visiting many important places in the state. Treating diseases without surgical operation.

Specialist in stomach diseases, liver, bowels, blood, skin, lungs, nerves, heart, kidneys, bladder, nose, throat, rheumatism, neuritis, bedwetting, pellagra, blood pressure, leg ulcers, slow growth and deformities of children.

He does not operate for chronic appendicitis, gall-stones, ulcers of stomach, goiter. In small tumors, skin cancer, tubercular glands, moles, warts, facial blemishes, piles, fistula, varicose veins, these diseases he treats with the hypodermic injection method.

DR. REA is an experienced practitioner in chronic diseases, also has a special diploma in diseases of children and applies his efforts in the interest of those diseases he is best qualified to treat, so if ailing, and not getting any better, see him, at this time.

He will give free consultation and examination. Services and medicines at reasonable cost in those cases in need of treatment. Remember the date, and bear in mind that his treatment is different.

Married women should come with their husbands, and children with their parents.

Address: Drs. Rea Bros., Medical Laboratory, Minneapolis, Minn.

HOSE OR LEAD PIPE RISKY GAS CONNECTIONS

Flexible connections for gas stoves are dangerous. They are likely at any time to become leaky or disconnected, with the danger of resultant injury to health and property.

This is true not only of rubber hose, but also of lead or copper-coated pipe, which, bent a time or two, may crack and leak. There is this additional objection to lead or copper-coated pipe; the aperture in the usual lead pipe connection is only one-eighth inch in diameter. A bend reduces even this small diameter. The result is that an insufficient amount of gas reaches the burners. A three-eighths-inch iron pipe connection is the safest and most efficient for the ordinary room heater.

Natural gas, when properly used, not only is the cleanest, most convenient and efficient of fuels, but it is also one of the safest and most economical.

If you are in doubt regarding the safety or efficiency of your gas equipment, call our Service Department. It is maintained for the free use of our customers.

COMMUNITY CHEST DRIVE LAUNCHED BY FEDERATION

Mrs. C. M. Dowlen, president of the City Federation of Women's Clubs presided at a called meeting of the Federation Wednesday afternoon to name a committee to have charge of the Community Chest work which the City Federation has been asked to sponsor.

The idea of the Community Chest is to alleviate suffering among the sick and needy during the winter months. Clothing, food and in some cases, fuel will be furnished. Each club is to lend its support by collecting articles of clothing.

Next Friday and Saturday, Oct. 17 and 18, the drive will be made for clothing. The city has been divided into sections, each club to have charge of certain sections.

Mrs. W. C. Kunze was appointed as chairman of the committee on investigation of cases. Mrs. Harvey Cash, Mrs. Oscar Hunt, Mrs. C. E. Strain and Mrs. C. M. Dowlen are other members of this committee.

Headquarters for the clothing donations will be announced next week, also the section of the city to be worked by each club. The City Federation is anxious that all federated clubs support the Community movement.

MRS. TRACY SERVICE ENTERAINS CLUB

Mrs. Tracy Service was a charming hostess when she entertained the members of the Blue Bonnet club at her home Thursday afternoon. Needle work was the diversion for the afternoon. Mrs. Tom Kay was complimented with a surprise birthday shower and was presented with a lovely handpainted picture, a gift from the club members.

Two other members of the club have also recently been honored with surprise birthday showers, Mrs. Levi Cole and Mrs. George Small, who were the recipients of a number of useful and attractive gifts at affairs last month.

HALLOWE'EN DECORATIONS FEATURE MEETING OF CLUB

Black and orange decorations in the Hallowe'en motif were attractively carried out in the entertaining rooms of the Carl Scott home when Mrs. Scott was hostess to the members of the Las Senoras Nuevas club Wednesday afternoon.

Tallies and score pads of the four tables placed for bridge and the delectable refreshment course served at the conclusion of the play also conformed to the chosen designs and colors.

Club members and special guests included the following: Mrs. Claude Moore, Mrs. Owen Williams, Mrs. Mitchel Jones, Mrs. Felix Neff, Mrs. J. Madison Daugherty, Mrs. Andy Walsh, Mrs. Hud Prichard, Mrs. Harry Woods, Mrs. Jim Rose, Mrs. Ray McReynolds, Mrs. Dewey Foster, Mrs. Roscoe Davis, Mrs. Lee Foster, Mrs. Henrietta Scott, Mrs. Barto Johnson, and Mrs. E. J. Cundiff.

MR. AND MRS. NEFF ENTERTAIN THURSDAY

Mr. and Mrs. Felix Neff entertained with bridge at the home of Mr. and Mrs. J. J. Walker, 2305 Fifth Ave., Thursday evening. Decorations of autumn flowers were used in the entertaining rooms. An ice course was served at the refreshment hour.

Those present included: Mr. and Mrs. J. Madison Daugherty, Mr. and Mrs. Hud Prichard, Mr. and Mrs. Carl Scott and Mrs. J. J. Walker.

NORWEGIAN DRAMA TOPIC AT STUDY CLUB MEETING

The Norwegian Drama was the topic discussed Wednesday afternoon at the regular study meeting of the Woman's Book Club in the club room at the court house.

Mrs. T. V. Reeves and Mrs. Dan Sanders had charge of the program for the day and each gave an interesting explanatory discussion of Henrik Ibsen's drama "Brand." Twenty-eight members were present at the meeting.

A. A. U. W. STARTS YEAR'S WORK

The local branch of the American Association of University Women had its first meeting for the year on last Monday evening at the home of Mrs. T. B. McCarter. A short program consisting of vocal numbers by Miss Ada V. Clark, accompanied by Miss Hazel Allen at the piano and a reading by Miss Dalma Fry, was given. Organization for the year's work was completed, and plans for group study were made. The following are the new officers, who assume their duties at this time: Mrs. T. B. McCarter, president; Miss Mattie Swayne, first vice president; Miss Ruth Lowes, second vice president; Mrs. T. M. Montfort, secretary; Miss Tennessee Malone, treasurer; Miss Agnes Charlton, chairman of the fellowship committee; Mrs. T. H. McDonald, chairman of the committee on legislation; Miss Helen White Moore, chairman of the publicity committee.

It was decided that the three groups will meet together each time for their social hour, separating only for the study. The chairmen of the groups were selected as follows: International Relations Group, Miss Hattie M. Anderson; Novel Study Group, Miss Helen White Moore; Adolescent Education Study Group, Miss Novella Goodman.

After the business was attended to, the hostess, assisted by Mrs. Grant McColley, served tea.

LOCAL NEWS

Miss Marie Qualls who has been visiting her aunt, Mrs. R. D. Lowry, returned to her home in Ralls Saturday.

A. B. Duncan and Pat Robison transacted business in Plainview Monday of this week.

James Cole spent the week end visiting friends in Lockney.

Mr. and Mrs. K. M. Davis of Carlsbad accompanied his mother here Sunday to visit with Rav V. Davis, who has been ill this week. Mrs. Davis is remaining here for a few days to visit with her son, Ray.

Rev. M. M. Beavers of Plainview spent Monday here on business. He is Presiding Elder of the Plainview district of the Methodist church and states that the work of the church in every part of the district is progressing well.

Mr. and Mrs. L. T. Lester have as their guest this week their daughter, Mrs. A. B. Hagar of Kansas City.

Mrs. R. A. Bellah left Monday for an extended visit with relatives at Bowie and other southern points.

T. A. Kay and W. M. Spears attended a business meeting of Chevrolet managers and service men held at Plainview Wednesday.

Roger Shook of Amarillo transacted business in Canyon Tuesday of this week.

Visitors in the William Schmitz home Sunday were: Mr. and Mrs. N. W. Uselding of Happy and Mr. and Mrs. George Vorwald of Umbarger.

Mrs. Stanley Johnson and Mrs. W. M. Spears transacted business in Amarillo Wednesday.

Miss Columbia Redfearn attended a showing of new fall fashions in Lubbock Monday and Tuesday of this week.

Mrs. J. I. Penrod of Happy shopped in Canyon Wednesday.

Mr. and Mrs. W. H. Upchurch attended the banquet of the officials of the Tri-State Fair held at the Herring Hotel in Amarillo Tuesday evening.

Former Canyon Girl Now Radio Artist

Another of Canyon's daughters has achieved renown in the person of Aileen Newman Litterest, who is well known to the radio audiences through her singing over KPRC and KTLC at Houston.

Mrs. Litterest is the daughter of Mr. and Mrs. M. Newman and she was born in Canyon, her parents leaving here when she was a small girl. She has attained widespread popularity in radioland specializing in blues and ballads, and has recently had an offer from the Metro-Goldwin-Meyer corporation to appear in the movies but refused in favor of music and the radio. Mrs. Litterest has been broadcasting some eight months.

HILL SPEAKS IN AMARILLO.

President J. A. Hill spoke Tuesday in Amarillo at the Kiwanis Club luncheon. Mr. Hill used as his subject the spendid example set by the late Will C. Hogg, who made a donation to the student loan fund of all of the Texas state educational institutions.

TICKETS FOR GAMES OFFERED AT OFFICE OF REGISTRAR

Reserved seat tickets for all of the football games are on sale at the office of Registrar D. A. Shirley at the College.

Those wishing to reserve tickets may call his office at the College, and then procure the tickets when they reach the athletic field.

RAIN OF CAT FISH.

Mr. and Mrs. J J Lane of Roswell spent the week end here visiting at the Rev. C. E. Jameson home, It was upon their place that the rain of cat fish was reported a few weeks ago. It was thought that the fish were picked out of the Pecos river about 35 miles away by a small typhoon and dropped at the Lane ranch.

Many of the fish were alive when found following the heavy rain and storm.

MRS JOHNSON IMPROVES

Mrs. B. T. Johnson, who has been very ill for the past week, is reported to be improving. Mr. and Mrs. Paul Johnson of Fort Worth, and Mr. and Mrs. Walter Johnson of Dallas, came Sunday to be at the bedside of their mother. Mrs. J. C. Compton of Portales and Mrs. A. C. Kenyon of Amarillo have been here since last week. A sister, Mrs. Bell Key of Dallas, also came Sunday. As Mrs. Johnson's condition was improved, all the relatives who have been with her, except Mrs. Kenyon, left for their homes Wednesday morning.

STORY SPECIAL.

Born to Mr. and Mrs. Victor Steen, a 7 pound girl, Monday, Oct. 6.

Fairview Breezes

All of our farmers were glad to see the good rain which fell Sunday evening and night. But today was fair and all are planning on being back in the fields soon.

Mr. and Mrs. W. M. Kinsey and Mrs. Homer Kinsey were business callers in Happy Tuesday.

Mrs. W. F. Barnard made a trip to Happy Saturday to have medical treatment for her arm which she caught in the washer wringer last week.

Miss Thelma Holly spent the week end with her parents. She is attending W. T. College in Canyon.

Mr. and Mrs. Bonds were business callers in Canyon Saturday.

W. H. Jones and sons, Odell and Lloyd were business callers in Canyon and Happy Saturday.

The party at Bill Wesley's was enjoyed by all present Saturday night. No singing Sunday night at J. W. Wesley's on account of the good rain.

Albert Legate and wife and daughter, Earlyne, visited a few days in the parental Charles Sutton home this week.

Mr. and Mrs. Bud Sutton and son, Clarence Harold, spent Sunday and Sunday night in the W. M. Kinsey home.

Earl Wesley, Pete Sutton and Frank Rogers took Inez into Happy to attend school until the roads were settled for her to go and come each day.

Charlie Castleberry, Orglee Brawnef, Jack Sutton and Lee Wesley were visitors in the Henry Wesley home Sunday.

Callers in Happy Saturday were Chas. Sutton and family, Mr. and Mrs. Homer Kinsey, Mrs. W. M. Kinsey, Alvin Wesley and family, Earl Wesley and family, Frank and Alyce Rogers, Mr. and Mrs. Albert Legate and baby, and W. F. Barnard and sons.

Eugene Jr., Dalles and Ruby Zachry spent the week end with home folks.

Bush Allred was taken to the Plainview sanitarium first of last week. Last report, he was improving.

Le Roy Haulman spent Wednesday night with his sister, Mrs. Madge Sutton.

Wayside Items

A pretty good rain fell here Sunday, estimated to be some over an inch. Hardly a season for the dry ground. Tuesday a. m. dawns fair and clear.

Mrs. Brown Byrd had a severe spell of indigestion Saturday. Dr. Harry Brown relieved her. Billy McGehee was sick Monday and Tuesday. W. J. Sluder has been quite indisposed for some days.

B. McCoy and wife accompanied Mr. and Mrs. Archie Davis with their sick baby to Plainview Sunday for an operation. No tidings from them.

Born to J. S. Sluder and wife Saturday, Oct. 4, an 8½ pound son, Wilbur Ray. The babe had some fever Sunday night, no news since.

Aleck Whitten and family from Arkansas reached Wayside a few days ago.

The Home Demonstration Club of Wayside met with Mrs. D. L. Adams Monday afternoon. Ten members were present. The agent was due, but suppose muddy condition of the roads prevented. Mrs. Bessie Lane led the discussion of the theme of different phases of dress. A round table discussion brought out many helpful hints. Delicious candies were served after the business session.

Rev. J. A. Lindley gave us good sermons the past week end. Inclement weather prevented Sunday night services.

W. R. Franklin and wife with Miss Marcella Spann attended quarterly conference at Salem Saturday. Only a small attendance out.

A number of Wayside boys left for Colorado in quest of employment the past week. Tom Casey, Loyd Edmonton, Loyd Howard and Guy Watson.

W. M. U. have changed the time of meeting from Tuesday to Thursday afternoon. All denominations are invited to meet with them at the church.

Sez You!—

A Feeling of Independence

No matter what their income, every young couple should have a bank account.

It is more than a reserve to meet unexpected expenses.

It is more than a means to obtain more comforts and conveniences.

A bank account and a regular method of saving create a feeling of independence, a feeling of self-respect.

Money is not everything, but the lack of sufficient funds often brings unhappiness. Do not let your married life be threatened by financial worries.

FIRST STATE BANK

YOU CAN SAVE MONEY FOUR WAYS WHEN WE SERVICE YOUR CHEVROLET

1. When we service your Chevrolet, we use genuine Chevrolet parts for all replacements. They wear longer—give better satisfaction, and cost less to install.
2. All our service charges are based on a low flat rate system worked out by Chevrolet factory experts. All our work carries the minimum charge for first-class workmanship and genuine Chevrolet parts.
3. Our mechanics are specially trained in Chevrolet service work and can perform every service operation intelligently.
4. Our shop equipment is specially designed for Chevrolet service work. Every machine is built to do its job perfectly and in the most efficient manner.

THUNDERING HERD SMASHES WAY TO A 19-0 VICTORY OVER FIGHTING PANHANDLE AGGIES

O'Donald, Powell, Williams, Clark Machine Clicks in First Two Quarters For Three Touchdowns and Goal.

Flashing a scintillating brand of football hitherto unseen on the Buffalo field in many early season games the Thundering Herd under the generalship of Captain Logan and field general Powell, smothered the Panhandle Aggies in the first two quarters of Friday night's game, and after the smoke of battle had cleared away, the results were found to be three touchdowns and one sucessful attempt for extra point making the score 19 to 0.

In many respects the game was all the spectators could ask for so far as thrills were concerned. To use the slang expression, Powell "shot the works" in the first half with power plays, wing plays and via the air, all with equal success. Old timers were heard to remark that this game reminded them of the days of the old style football when line bucks were the rage and the forward pass unknown, though the backfield quartet consisting of Powell, Williams, Clark and O'Donald hit the Aggies with everything but the water jugs. The climax of the game came early, about the middle of the second quarter when Powell and O'Donald got the signals crossed, bumped heads together, and fell backwards, only to see Clark snatch the ball and race 87 yards for a touchdown.

After hitting an Aggie so hard that he bounced back four steps, Clark again broke loose for an open field run toward the goal line. By putting all he had into it, Clark outran one Farmer only to see another overtaking him. Unable to use his legs for greater speed, Clark used his head and cut back across the field to get the Farmer off balance, and crossed over the goal line.

The long run will in all probability be among the longest runs for a touchdown in Texas college football this year, and it may be the longest in the T. I. A. A.

The second half proved to be more of a defensive game than otherwise so far as the Buffs were concerned, though the thrills were many. The Aggies put on a belated offensive that almost proved successful at several stages of the game but always lacked that necessary punch to put over the touch down. Panhandle's fullback, Mayfield, and Bradshaw, quarterback, proved to be the stumbling blocks for the Buffs and it was due to their aggressiveness that the score was kept down.

High Lights of the Game

The first touchdown came early in the first quarter after the Aggies had punted on their unsuccessful attempt to gain ground from scrimmage. The Buffaloes, with the wind to their backs, opened a terrific drive and Williams punched over the initial touchdown at the northeast corner of the field but failed to kick goal. Near the beginning of the second quarter, McClendon, Buff center made a bad pass close to our goal line, passing the ball over Clark's head, which placed the Buffs in a precarious position but the Aggies failed to accomplish their offensive over the powerful Buffalo defense. On the second play, Clark, with the able assistance of his interference, sifted through the line and ran away with the ball for 87 yards for a touchdown. The third touchdown came soon after through some of the prettiest mixed football seen on the Buffalo field, passes, power plays and end runs bringing the ball to the necessary scoring point, and Powell hurdled and dived his way across the mark.

The individual stars for the game were O'Donald and Clark, halves, Williams, fullback, and Powell, quarterback, while Logan and McClendon in the line helped with the cleaning up. Powell showed up especially well with his effective sidestepping and Williams proved his ability as a line plunger as well as a pass receiver and tackler.

The starting lineup:

Buffs	Position	Aggies
Burk	L. E.	Nall
Logan	L. T.	Ottinger
Cooper	L. G.	White
McClendon	Center	Miller
Gillham	R. G.	Walker
Johnson	R. T.	Bocks
Haley	R. E.	Hale
Powell	Q. B.	Bradshaw
Clark	H. B.	Rhodes
O'Donald	H. B.	Page
Williams	F. B.	Mayfield

Summary of Game

Buffs: On 76 plays Buffs gained 344 yards, including 96 yards from completed passes, and lost 90. Passed 9 times, four complete, 3 intercepted, 2 incomplete. Fumbled twice and lost both times. First downs 14. Punted 7 times for average of 30 yards, 2 were blocked. Touchdowns, 3. Powell 1, Clark 1, Williams 1. sh Clark 1, Williams 1. Extra points, O'Donald 1. Penalties, 8 times for 60 yards.

Aggies: On 40 plays Aggies made 107 yards including 71 yards from completed passes, and lost 11. Passed 14 times, 5 complete, 3 intercepted, 6 incomplete. Penalties, 3 times for 15 yards. First downs, 3. Punted 10 times for average of 36 yards.

Phidias Art Club To Sponsor Art Exhibit This Fall

Phidias Art Club members met Wednesday night, in regular session to complete the list of officers for the coming year. Those elected at this time were: Allieth Elliston, parliamentarian; and Ethel Bourland, Prairie reporter.

Miss Isabel Robinson, head of the department, told the club of the Eighth B. Circuit of the Southern States' Art League Exhibit, which will be shown here in January. It was decided that the club will sponsor an exhibit during the fall quarter, as this one does not arrive until January.

There were also many discussions and suggestions for the Phidias Art Club's annual Christmas sale. Samples of some gifts, such as pillows, handkerchiefs, cord table covers, luncheon sets, and hand tooled bags, ewre shown by different members of the club.

Barto Johnson is Elected President of 1931 Seniors

At their first class meeting Thursday morning the seniors elected Barto Johnson for president. Mr. Johnson is a former student of W. T. but has not been in school here the past few years.

After Mr. Johnson took the chair, the class spent some time in the choice of rings, sweaters, etc., for the coming year; however it was decided to postpone the selection of any of these until the college bookstore has a more complete set of samples.

Other class officers elected at this meeting were D. H. (Doc) Haley, vice president; Eurith Compton, secretary-treasurer; Bill Skelton, annual representative; Greta Mae Cayton and Wallace O'Keefe, Student Council representatives; Hatcher Brown, Prairie reporter. Mr. S. H. Condron was chosen class sponsor.

Rain of .38 of Inch Sunday Will be of Help to Wheat Crop

Rain amounting to .38 of an inch fell in Canyon Sunday. The rain started with a slow down pour, which continued throughout the greater part of the day.

Farmers are highly elated over the moisture, which was added to the quarter inch rain of last week. Wheat which was planted during the past month will sprout, and the soil is now in good condition for planting all over the county.

Reports from various sections of the county indicate that the rainfall was greater in many sections than in the immediate vicinity of Canyon.

Wortham Leases The Happy Herald

Fred E. Wortham, who has been connected with the News since last December has leased the Happy Herald from Mrs. Faye Steen Walberg. He assumed the management of that paper yesterday and will continue the publication of it.

For the time being Mr. and Mrs. Wortham will continue to live in Canyon. The Herald, which has been printed in the News plant for several years will still be published here.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. City Pharmacy.

Hicks Catches Two Stolen Cars Here Past Week

A man said to be about 28 years old and who gave his name as Clifford O. Dammon, was arrested here Saturday by Chief of Police Hicks, for possession of a stolen car. Begging for food aroused Hicks' suspicions of the man, when it was noted that he was driving an almost new Ford coupe.

When asked to produce papers showing ownership of the car the man exhibited bogus papers on a Packard automobile. With one or two exceptions the papers had been altered to fit the description of a Ford. The car bore Arizona license plates.

The man was held here and Hicks notified Arizona officers, who immediately wired information back alleging that Dammon had embezelled a Packard touring car out of Arizona, but no information was a vailable regarding the Ford. He is being held here pending the outcome of other investigations.

Hicks was successful in recovering another stolen automobile here last Wednesday. He discovered a car parked in the south part of town, and upon investigation he found that it belonged to a Dr. Maxey of Lamesa, and was stolen in Lubbock. The gas tank was empty and it is presumed that the driver left here for Amarillo.

MARRIAGE LICENSE

E. A. Kennon, Canyon, and Miss Exa Sprinkle, Dallas.

Diamonds and Wedding Rings. E. Burroughs.

Sam Turner is Given New Post as Game Warden

S. D. (Sam) Turner, for the past three years State game warden for this section of the Panhandle, has been transferred to the Dallas district, it was announced a few days ago.

The Turner family will remain here for a while at least, moving probably at the close of the present school term. Mr. Turner will assume duties in his new district immediately, he states. He formerly lived at Denison, Texas, which is 80 miles north of Dallas, for a number of years.

A. Knowles of Plainview has been appointed to succeed Turner inthisdistrict.

RECITAL OF NEW MUSIC TEACHERS IS GIVEN

The joint recital given Tuesday evening by Robert H. Berryhill, head of the piano department and Miss Margaret Justice acting head of the violin department was enthusiastically enjoyed by a good audience.

The program opened with Beethoven's "Moonlight Sonata", played by Mr. Berryhill. This always lovely number has not been heard in Canyon for several years and the audience showed its pleasure in hearing it again.

Miss Justice's most brilliant number was chosen as her first. This was Vieuxtemps' "Ballade et Polonaise." Schubert's "Am Meer" and Kreisler's "Caprice Viennse" were also favorites with the listeners.

Mr. Berryhill closed the program with the Verdi-Liszt "Rigoletto Paraphrase."

A well chosen program, well played, was the concensus of opinion of all who heard it.

Do your shopping in Canyon.

Sunny Hill School

Since the weather did not permit a congregation for the organization of a Sunday school here last Sunday, the meeting has been postponed until next Sunday afternoon at 2:30. There will be preaching services following the business of organization as was announced for last Sunday. Let's make an effort to have a goodly number present.

Friday afternoon the primary room was entertained by the higher grades with a baseball spelling match. The pupils chose up sides, there being six on each side. One side was named the Mohawks, and the other was named the Aztecs. The Aztecs won by a very small score.

Mr. Newhomer, who is carpentering on the P. D. Sherwood house reports that he is ready to shingle now.

Jowell News

Light showers of last week laid the dust, but a good general rain would be appreciated by the wheat farmers here.

A daughter was born to Mr. and Mrs. J. L. Irlbeck, Oct. 2.

Mr. and Mrs. A. L. Glenn spent the week end with Mr. and Mrs. J. P. Ingham near Canyon.

We understand that chicken thieves helped themselves to some of Mr. Kinzie's chickens last week.

Miss Agnes Bezar of Hereford is assisting Mrs. J. L. Irlbeck with household duties.

CHURCH OF CHRIST.

The Church of Christ is alive in Canyon. We are to begin promptly on time at every service. The church is existing for the supreme service of leading souls to Christ by preaching the word of God.

Ladies Bible class, Wednesday, 3:00

JOHN O'DOWD,

FIRE!

WHERE IS THE FIRE?

SOME ONE'S HOME OR PROPERTY IS BEING DESTROYED AND IT MAY BE THAT SOME LIFE IS LOST.

IT MAY BE THE ENTIRE LIFE'S EARNINGS OF SOME ONE.

WHAT CAUSED THE FIRE?

IT MAY HAVE BEEN CAUSED BY NEGLECT. IF SO, IT WOULD BE CLASSED AS CRIMINAL NEGLECT.

It may have been accumulated rubbish that should have been cleaned up, or defective electric wiring done by some incompetent electrician who did not know his business, or did not have the proper material to make a safe job.

Light fuses burning out is evidence that there is a short somewhere which should be located and repaired. By no means should a coin or any other substitute be used for a fuse plug. If you use one, very likely you will start a fire.

Gas pipe lines should be inspected and tests made at every connection and valve to see that there are no leaks. This can be done with a small can of soap suds being applied with a small brush. Whenever there is a leak, a soap bubble will appear. It is safer to use gas rubber hose only one season because rubber hose deteriorates with age—some more than others. The best is always the safest. It should be securely fastened to gas cock and stove spicket so there will be no chance for it to slip off or be knocked off.

All flues and vent pipes should be well inspected at least once a year to see that they are in safe condition.

A gas water heater should never be installed without a vent. If it is installed in a closet, by no means should anything that would burn be stored in the same closet. In some cases clothing, brooms, floor mops, and papers have been in the same closets and caught fire.

Floor oil mops, oil rags and varnish rags should always be hung up and not thrown down in a close corner where spontaneous combustion can take place.

Matches should be kept in a metal box. Nothing but a metal container should be used at any time to take up ashes in.

If clothes cleaning has to be done with gasoline, it should by all means never be done in the house but should be done out of doors.

Oil or gasoline should never be used to start fires in stoves. It is very dangerous and often causes loss of life and property.

Eighty per cent of all fires are due to neglect and carelessness. This being Fire Prevention Week, let us in every way check all fire hazards to prevent fires.

THE EAGLE'S TALE

VOLUME NO. 5 CANYON, TEXAS, OCTOBER 9, 1930. NUMBER 4

CACTUS CAL

I will endeavor to write an article on laziness. There are two kinds of laziness, intelligent laziness and plain old laziness. I'm one of the last specie—just lazy. A plain lazy person will lag behind and never catch up. He's in an awful fix. I speak from experience. An intelligent lazy man will run ahead and wait for his companions to catch up while he rests. He may look eager and very energetic, etc., to some people but to me he's just a smart lazy man. A lazy man lies in bed in the morning just as long as he can without missing his breakfast, or should I say dinner, but a smart lazy man gets up so as to have longer to loaf. If I were a smart lazy man I would go ahead and write this for another column or two, but since I'm just plain lazy I believe I'll change the subject now so I can get through sooner. But just a few words in conclusion. Of course you remember the tale of the jack rabbit and the turtle. Well, the jack-rabbit was smart. He ran ahead a little way and laid his weary bones down to rest. The turtle kept plodding along, slow and easy taking his time and not getting in a hurry. He didn't get in a hurry. He didnt' get tired like the jack rabbit, and finally won the race. So don't get in too big a hurry but just keep plugging along like the turtle.

Just the same, I would like to bet that the turtle would have liked to take a rest along the side of old Brer Rabbit, if he hadn't been out to build up a fine example for school children like you and me.

Canyon Eagles Lose to Strong Pampa Eleven

The Canyon Eagles lost for the second time this season when the Class A Pampa Harvesters ran over our Class B team to the tune of 72 to 7.

Even if it was a run-over, the Eagles scored one more point on the Harvesters than the Lubbock squad did.

PRESS CLUB MEETS

The Eagles Tale staff met for the first time this year, last Wednesday. Every reporter was present and the work was discussed for the coming year. Classes in newspaper writing are trying to be arranged for so as to be able to give the reporters real instruction along this line. Miss Dickenson, faculty adviser of Eagles Tale is fully equipped to teach this work.

This work is open to all students in the high school whether a selected member of the staff or not.

EX-STUDENT NOTES

Pud Cross, an ex-Eagle and senior of 1930, is president of the Freshman Class at Oklahoma Southwestern Teachers College.

Dorothy Faye Rusk, senior and editor of Eagles Tale of '29, is a member of the Prairie Staff.

A New Moth Fumigant

The United States Bureau of Soils and Chemistry has discovered a new moth eradicator which is effective, non-inflammable non-explosive, non-injurious to metals or fabrics, and harmless to human life.

The materials used are ethylene dichloride and carbon tetrachloride. A mixture of three parts by volume of the former and one part of the latter. A gallon of this mixture can be made for about $1 and one quart is sufficient for 200 cubic feet of space.

The method of fumigation is very simple. Place the fumigant in a dish in the top tray of the trunk, on the closet shelf, or high in a room which can be tightly closed. The vapor is heavier than air and settles downward thru the materials to be fumigated. At least twenty-four hours should be allowed for the fumigant to penetrate the clothing thoroly before the container or room is opened.

Customer: "It's tough to pay fifty cents a pound for meat."

Butcher: "Yes, but it's tougher when you pay twenty-five."

One look along the highways is proof enough that the auto-makers haven't succeeded in ridding the country of junk.

Activity Period Begins in C. H. S. October Sixth

A regular time for special and extra curricular activities in the daily program was started last Monday, October 6th. This period consists of twenty-two minutes in the high school and twenty minutes in the grades and is to be used each day by home room organizations, school clubs, class meetings, assemblies, and other extra curricular activities. Heretofore, these organizations and activities have had to meet before school, at noon, after school and at any other time when it was possible.

In introducing this activity period the administration recognizes these activities as having a regular place in the school life of every boy and girl and at the same time sees the need of proper supervision and regularity for the same if they are to function with any appreciable degree of effectiveness.

Extra curricular activities play an important role in the lives of school boys and girls. They are just as essential as the regular subjects because they add something to a developing personality that is missing in the fundamental subjects. They add interest to the ordinary school work; they develop the social side of a child's life; they give opportunities for training in citizenship through participation in school activities; they develop initiative, reliability, self confidence, and other important traits that grow out of active participation in school activities. Every student in school should take part in some extra-curricular activity. Too many pupils go through school without developing into good social citizens because they have never been encouraged to take part in any of the school's activities

The school day will be lengthened twenty minutes to give time for this special period. Hereafter, school will begin at 12:50 in the afternoons and will be dismissed at 4:10 p. m. It is believed that the student body will derive much benefit from this change in the schedule and that the work of socializing the pupil will be greatly augmented by the program being planned.

Surgeon (to attendant): "Go and get the name of the accident victim so that we can inform his mother."

Attendant (three minutes later): "He says his mother knows his name."

Dentist: "Thought you said this tooth hadn't been filled before?"

Patient (feebly): "No, it hasn't."

Dentist: "Well, there are traces of gold on my instrument."

Patient (more feebly) "Perhaps you've struck by back collar-stud."

Hubby: "My dear, you must economize. If I were to die where would you be?"

Wifey: "I'd be all right. The question is—where would you be?"

People had better dispositions before the auto came and they found that it is possible for a road to have more holes in it than there are holes in a bachelor's socks.

Football Schedule of Canyon Eagles

Oct. 11—Claude High at Canyon.

Oct. 17—Clovis (N. M.) High at Clovis.

Oct. 24—Hereford High at Canyon.

Oct. 31—Open date.

Nov. 11—Panhandle High at Panhandle.

Chapel

In last Thursday's chapel program the students had a better understanding of most of the rules and regulations that are necessarily placed on every school. Some of the most important announcements were as follows:

1. The teachers and student body are trying to co-operate with the city officials in the traffic laws and are asking the people of the town, who are driving near the school building to drive more slowly and carefully.

2. During fire prevention week, special reports will be made in the various rooms on "Safety First." The whole student body will have fire drills.

3. Beginning the coming week, school will begin at 12:50, having only 50 minutes for lunch, and will be dismissed at 4:10. This extra 20 minutes will be devoted to Home Room work, various clubs, etc. A student council composed of one student from each Home Room will be appointed to co-operate with the teachers in planning various programs of this school year.

4. When pupils are absent from a recitation without an acceptable excuse they will lose 3 points on the daily grade for the six weeks. When the pupil has an acceptable excuse, he is permitted to make up the work missed.

5. When pupils are absent or tardy they must present a written excuse from their parents to the principal and secure an admit ticket to all classes missed.

What we cannot understand is how any man who lives through a summer like this could complain about a little zero weather and yet a lot of them are going to do it.

"Are you saving any money since you started your budget system?"

"Sure. By the time we've balanced it up every evening it's too late to go to a show or anywhere."

Miss Dial Gives Demonstration in Home Economics

Miss Dial, a representative of the Knox Gelatin Company, gave the first and third year classes in Home Economics a demonstration of the preparation of gelatin foods.

She prepared a salad and a fruit dessert of the gelatin. She served these to the girls and they reported them very good.

Miss Dial will be at the College the rest of the week.

DEBATE CLUB

The Debate Club, a division of the C H S Talkies, met Monday night in the high school auditorium for the purpose of organizing and learning some of the principles in debating.

At the first of the meeting Mr. Carruth gave a talk on the use in future of debating ability to the students.

The subject debated was: Resolved that chain stores are a detriment to the Uuited States public. Quite a few good arguments were given and Miss Weter hopes to make a good debating team this year.

The same subject was assigned for the next meeting. At which meeting will be held a boy's debate.

Modern housekeeping has almost become a pleasure now that nearly everything is being done by electric devices. But there is one thing lacking. They have not yet invented a device that will pay the electric bill.

Perfect table manners as taught us by our high school and college children are all right, but they are a great handicap to the enjoyment of fried chicken and corn on the cob.

The farmer now has sprays to discourage all pests that prey on vegetables. The one for tourists is composed of bird shot.—Birmingham News.

A baseball game being played in Old Man Jones' pasture broke up in an uproar when Joe Spivis slid into what he thought was third base.—Ex.

Claude High to Come to Canyon For Game Friday

Claude high school will come to Canyon Friday (tomorrow) to take a defeat at the hands of the Canyon Eagles.

After their game with the Harvesters, the Eagles are ready to down somebody and it looks like Claude will be the goat.

Bill Strain, the Eagles' star quarter back, will probably not play in this game, owing to a crippled ankle.

Come out and see the Eagles win."

Canyon High has not been lacking in pep this past week. Two of the year's best pep rallies were held in front of the building.

The pep squad has a large membership, but few are turning out to the games. The Eagles really need the entire support of the pep squad. Tomorrow Claude comes here and let's see every pep girl out, and what about some good yelling?

There had been several earthquake shocks in a certain district, so a married couple sent their little boy to an uncle who lived out of the danger zone.

A day or two later they received a telegram:

"Am returning boy—send earthquake."

Doctor (angrily): "You object to my bill, but you forgot that I had to pay you a great number of visits."

Ex-Patient: "Och, aye; but did I no gi'e the malady tae the whole neighborhood?"

"Say," one neighbor asked another excitedly, "do you know a fellow down your way with one leg named Wilson?"

"I don't know," returned the other doubtfully. "What's the name of the other leg?"

Compulsory education of children will be enforced in Russia beginning this fall. They seem determined there to make the young Soviets well red.

"Which books in our library are the most popular?" A student recently asked Miss Jordan, the librarian.

"Novels," was the unhesitating reply.

One can instantly see why novels are the most popular books. They contain adventure such as every normal young person dreams of having. There is much vivid description in them; description of unusual people and their personalities. There are descriptions of places unseen by most high school students, of far-away cities, and of the sea. One very popular book, Lindbergh's "We," tells of air travel. Another "The Call of the Wild," by London, describes the cold north, the hardships and trials of the "mushers" and their dogs. Kipling's "Jungle Book" tells of the adventures of a little boy with the jungle animals in India. Western life is interestingly portrayed in "North of 36" by Hough. In Eggleston's "The Hoosier School Master," there is good description of the life of the backwoods—men in Indiana; of the hardships of a school master and how he overcame them.

By reading such novels as these one can get a general idea of life in parts of the world other than where he lives.

News in Canyon 25 Years Ago

(From the files of the Canyon City News, Friday, Oct. 6, 1905)

John Knight presented the News family with a sample of his sweet potato crop—three potatoes of excellent quality weighing ten and a half pounds.

Newt Reeves returned Tuesday from his horse trading trip to Shattuck, Oklahoma.

The Canyon City Band is now organized has ten members as follows: Jim and Grady Pipkin, Oscar Davis, Worth Jennings, F. P. Wilson, Tom F. Wilson, Albert Bratton, Harry Howell, Vince Reeves and Willie Word. F. P. Wilson is leader.

L. T. Lester left Tuesday evening for the National Bankers convention at Washington.

The News turned down a good paying whiskey ad this week.

C. L. Fields, of Sanger, Texas, is here visiting an old friend, Rev. J. T. Burnett. He is a dentist and prospecting for a location.

Joe Service is talking of opening up a butcher shop in his house opposite the post office about Nov. 1.

The sensational Western Melodrama, Jesse James, will be in Canyon City, one night only, October 13th.

Umbarger Items

The infant daughter of Mr. and Mrs. Fishacker was buried Monday morning. The baby was five weeks old.

Mr. and Mrs. J. G. Battenhorst, Miss Josephine Weick and Mr. Antone Handing, left Monady for a trip to Cedar Rapids and other cities in Nebraska.

Judge B. F. Fronabarger and Judge-elect S. B. Orton visited the school here Tuesday morning. Mr. Fronabarger gave an interesting talk on "Citizenship," and Mr. Orton talked on "Tools." The visit was enjoyed very much by the pupils.

Mr. Fern Nichols from Gainsville Texas is visiting with his father, Mr. J. C. Nichols who has been ill.

Mr. Charlie Friemel and Misses Lucile and Matilda Meyers left Tuesday for a trip to Oklahoma City, Okla.

Mr. John Ziner is visiting his sister Mrs. John Brandt.

Mr. John Brandt who has been ill for the past week is reported to be recovering nicely.

Born to Mr. and Mrs. John Irlbec a baby girl, October 3, 1930.

Mr. and Mrs. John Khalis have charge of the J. G. Batenhorst farm while Mr. and Mrs Batenhorst are away on their trip.

Zita Breezes

A light rain fell Sunday. It was appreciated by all. At the time of this writing it looks like we might have more. We all hope so.

Miss Annebelle Gowdy entertained a number of her friends Sunday with a birthday party. Everyone enjoyed themselves and wished her many happy returns of the day.

Mr. and Mrs. H. H. Groom visited at the C. C. Stewart home Sunday.

Mrs. Lawrence Fulton, Mrs. Paul Matthews and Mr. and Mrs. F. J. McMahan visited Mrs. C. F. Gruner Sunday.

W. T. Dungan is in the community this week.

Miss Esther Stewart spent Saturday evening with Miss Beatrice Fulton.

Rusk Items.

Mr. and Mrs. C. E. Dubbs and son, Walter, have been visiting in various parts of the community this week.

Mr. and Mrs. O. A. Smith visited in the H. H. Groom home Saturday night.

Mrs. Clark McClendon and daughters, Muriel and Evelyn, visited in the O. A. Smith home Tuesday afternoon.

Douglas Groom spent Sunday in the Jewell Jones home.

A one-half inch rain fell over this community Sunday afternoon.

Garrison School

Little O. J. and Earline Roberts are on the sick list this week.

Miss Martha Hix of Kaffir Switch spent the week end with Miss Marie Knapp.

Miss Majorie Higgins spent the week end with Miss Elsie Haynes in Bard, New Mexico.

Miss Marie Knapp and Miss Martha Hix were in Amarillo on Saturday.

W.T. Stock Judging Team Will Receive Notice in Catalog

As an outcome of their winning of first place at the Fort Worth Fat Stock Show, the 1930 stock judging team of West Texas State Teachers College, consisting of Clarence Kaylor, Jody Boston and Weldon Terry, will be further honored by their photographs and records being published in the catalog of the Southwestern Exposition and Fat Stock Show for the year 1931.

Kaylor, high point man won last year's contest by a score of 496 points, Boston was second with 493 points, while Terry won third place with a score of 492 points. The next highest score was 16 points below that of the third place man.

According to Mr. Phillips, head of the Department of Agriculture, prospects for the 1931 team are as good if not better than those of 1930.

Fussy Boarder

Jack—"Why did you break with Alice? I thought you were crazy about her?"

Jim—"I am, but I decided I couldn't stand it to live with her folks."—Cincinnati Enquire.

STATEMENT OF OWNERSHIP Management, Circulation, Etc., Required by Act of Congress of August 24, 1912.

Of The Canyon News, published weekly at Canyon, Texas, for October 1st, 1930.

STATE OF TEXAS,
County of Randall.

Before me, a notary public, in and for the State and County aforesaid, personally appeared Clyde W. Warwick, who having been duly sworn according to law, deposes and says that he is the owner of The Canyon News, and that the following is to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor and business manager are:

Publisher, Editor, Managing Editor and Business Manager, Clyde W. Warwick, Canyon, Texas.

2. That the owner is Clyde W. Warwick, Canyon, Texas.

3. That the known bondholders, mortgagees and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgagees or other securities, are: Merganthaler Linotype Co., Brooklyn, New York.

CLYDE W. WARWICK, Owner.

Sworn to and subscribed before me this the 1st day of October, 1930.

(Seal) LILLIAN J. ATKINS, Notary Public, Randall Co., Texas.

My commission expires June 30, 1931.

Give Him an Even Break

A MESSAGE ...To The Women Who Shoulder Housekeeping Responsibilities

With the coming of the Fall season, with cooler weather and more activity, the problem of housekeeping increases. There are more things to be accomplished. Turn to Electricity for help. Its thousands of practical uses in the home have been created thru necessity, and each task that can be done by electricity lightens the burdens of housekeeping. It may be a toaster, a waffle iron, a heater for a room or a sewing machine, but, remember, electrical current can do the job.

Through the volume of current now used by people of Canyon, the cost is very small—the cost is small compared with the convenience and service given.

Start today. Make this a joyous fall and winter season in the home through harnessing the power you have at hand.

"Serving The Greatest Number of People at the Lowest Possible Cost."

SADNESS BEFORE SONGS

John McCormack in a scene from "Song O' My Heart," Fox movietone singing and talking romance in which he makes his starring screen debut. Olympic Theater, Sunday, Monday and Tuesday.

William R. Dawes, a Student, in State Radio Contest Sat.

William R. Dawes, Jr., of Big Springs, a senior in the College, who won the local Atwater eKnt Audition at Big Springs, leaves for Dallas tomorrow to represent his city in the State Atwater Kent Audition, which will be radiocast through WFAA, Dallas, on Saturday, Oct. 11, at 10:15 p. m.

A state champion will be selected Saturday night from the winners of all local contests, and the winner of this State Audition will compete in the District Contest.

Each contestant will submit to the committee in charge the names of three songs, and just before he steps to the microphone Saturday night he will be told which song he is to sing.

Names of the songs each contestant chooses are to be kept secret, and the names of contestants will not be announced over the radio. It is believed by the Atwater Kent Foundation that in this way the finest naturally beautiful voice in the state may be selected.

The winner will be chosen by a Board of Official Judges and the mailed votes of the public.

It is expected that many Canyon radios will be tuned in on WFAA Saturday night at 10:15 for this Audition.

LILLABETH BURROUGHS TO PLAY IN RECITAL

John Josey, conductor of music at the First Baptist Church of Amarillo, will give an organ recital next Friday evening at 8:00, featuring Miss Lillabeth Burroughs of Canyon and Miss Smith of Amarillo.

Mr. Josey extends a special invitation to Canyon people to hear this recital.

Trench Silos

(Continued from page one)

when dry, and in retaining the the feed by the softening process that it goes through in the silo.

The actual feed value of the dry matter in the silage is of no greater value than that of the ordinary forage, but the succlence of the feed, the saving of the feed that would be blown away, and the saving of labor in harvesting, are in favor of the silo. Silage is recognized as the cheapest and best all round succulent feed for all classes of livestock that consume roughage or bulky feed. When green winter pasture is not available the silage serves as a good conditioner and is accepted as very valuable.

In the years such as this one when feed crops are short and all available feed wil be needed to go through the winter months with livestock, it is necessary that every bit of the feed must be saved and all the values retained in the feed as well. It is, therefore, believed that the trench silo will prove doubly profitable this year.

The principal advantage of trench silos over either the pit or overhead silos is the lower cost of construction and the ease with which the silos can be filled and the silage fed. Practically all the cost of construction is eliminated, outside of a few days labor. Repair and depreciation costs are largely eliminated. Less expensive machinery is necessary for filling them than is required for overhead silos. It is easier to feed from the trench silo than from either of the other types. The cost of packing is also reduced because livestock can be used to do the tramping.

The principal disadvantages are that they require a better covering and special care in packing to keep the silage from spoiling. Carelessness as with other silos, may result in considerable waste of feed. Unless lined, they are not as permanent as the other types.

For anyone desiring a cheap silo, and who is willing to take the necessary precautions in filling, it would appear that the advantages greatly outweigh the disadvantages.

The trench silo should be conveniently located, so that it can be easily reached with a wagon when putting in and removing the silage. It should also be located at a place where water will be available for wetting the silage when the silo is filled.

It is estimated that a trench silo, 10 feet deep, 10 feet wide, and 80 feet long will have a capacity of 100 tons of feed. This length includes a slope of 15 feet at each end of the silo. The walls should be made to slope silghtly, giving the silage an oportunity to pack tighter as it begins to shrink. The walls should be as smooth as possible, thereby eliminating any pockets which might cause a slight spoilage by allowing air to reach the feed. It is more profitable to use concrete walls where it is possible to go to that expense.

The silage, experiment stations have proven, should be prepared for the trench silos the same as for other silos and as soon as it is placed in the trench it should be covered. It is suggested that a cover of sufficient straw or hay to make a layer three or four inches thick when packed, be used. Following this a layer of soil ranging form eight to ten inches should be added.

As an experiment of the use of trench silos, Emmett Prichard and J. W. Watson, both Randall county dairy farmers, have built trench silos. Several others are considering the use of that type of silo for preparing feed for this winter. The method has proven itself to be very successful in Colorado and New Mexico and is recommended as an aid to farmers of this section.

These experiments will be watched with interest by farmers over the entire county.

John L. McCarty, editor of the Dalhart Texan, was in the city Tuesday and made the News office a pleasant call.

Amarillo and Pampa Teachers Taking Extension Work

The College is now conducting four extension classes in Amarillo and one in Pampa, with a strong likelihood that other classes will be organized soon.

Dr. R. P. Jarrett has a class in Educational Tests and Scales which meets on Thursday in Amarillo.

Prof. L. F. Sheffy is teaching a teaching course in History of the Far East.

Dr. Grant McColley is conducting a group in the study of Nineteenth Century Literature.

The department of Geography is giving its first extension class, with Miss Bessie Engle, acting head of the department, in charge. Miss Engle's class meets on Wednesday, and is making a study of the physical processes which modify the earth's surface and their relation to human life.

In Pampa Dr. Harris M. Cook is conducting a class of advanced students who are interested in doing their laboratory work with the children whom they teach.

All of these courses are valuable to others than teachers and all of them are open to citizens who wish to know something of current educational thought, or to refresh and increase their knowledge of English or history.

It is expected that a course will open soon in Canyon to meet on Saturdays and serve the teachers of Randall County and townspeople who may wish to enter.

DENMARK FARMERS ARE BEST READ IN WORLD—PHILLIPS

The farmer in Denmark is the best read farmer in the world, according to Prof. Frank R. Phillps, head of the agricultural department of the College, who Tuesday addressed the student body at the chapel hour.

Mr. Phillips attributes the success of the cooperative marketing movement in Denmark to the fact that the farmers are so well read, and to work of the Danish schools.

A comparison of farm conditions in Denmark with those of America, Ireland, and other countries was given by Mr. Phillips, who has made an intensive study of the situation in Denmark.

MISS McMURTRY WRITES ARTICLE FOR MAGAZINE

Miss Florence McMurtry, professor of intermediate education at the College has an article in the September, 1930, number of the New Jersey Journal of Education. Miss McMurtry's subject is "The Teachers College—Society's Greatest Ally."

The article points out that the root problem connected with the major problems of our nation today is that of training "the individual to know, to judge and to make decisions." This habit of thinking, if it is to belong to the adult, according to Miss McMurtry, must be developed while the child is of an impressionable age. The teacher is appointed to this task. Only the teacher who knows and knows how to teach can develop this habit of thinking. The teachers college is the place where teachers learn to do this and so "The teachers college, when properly organized and maintained, is the greatest factor of modern times, conducive to progress in every line of human activity."

PEP SQUAD OF COLLEGE HAS NINE NEW GIRLS

The Pi Omegas, college girls' pep organization has announced that nine girls have been pledged to membership this fall. The membership is limited to 20 girls, and only enough to fill vacancies can be elected each year. The pledges will not be initiated into full membership until the end of the fall quarter.

The pledges are Alice Arnold, Farris Sears, and Margaret Sheers of Amarillo; Virginia Jarett, Gwendolyn Black, Geneva Golden and Laurene Alvord of Canyon; and Alberta Griffin and Florence Throckmorton of Pampa.

BUILDING PERMIT.
